ASSEMBLY INSTRUCTIONS

- Read these instructions carefully and keep for future reference. Refer to parts inventory for guidance, and ensure you have all pieces before starting.
- When assembling place all parts on a soft, clean, and flat surface such as a carpet to prevent scratches.
- During assembly, align all screws with the corresponding pre-drilled holes first and then tighten them one by one.

TIME

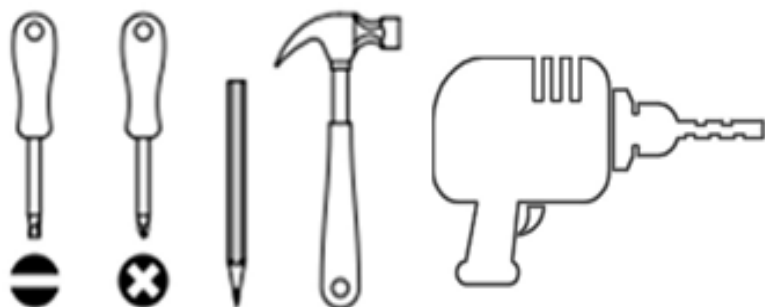

2 People

DIFFICULTY

Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.

TOOLS YOU MAY NEED

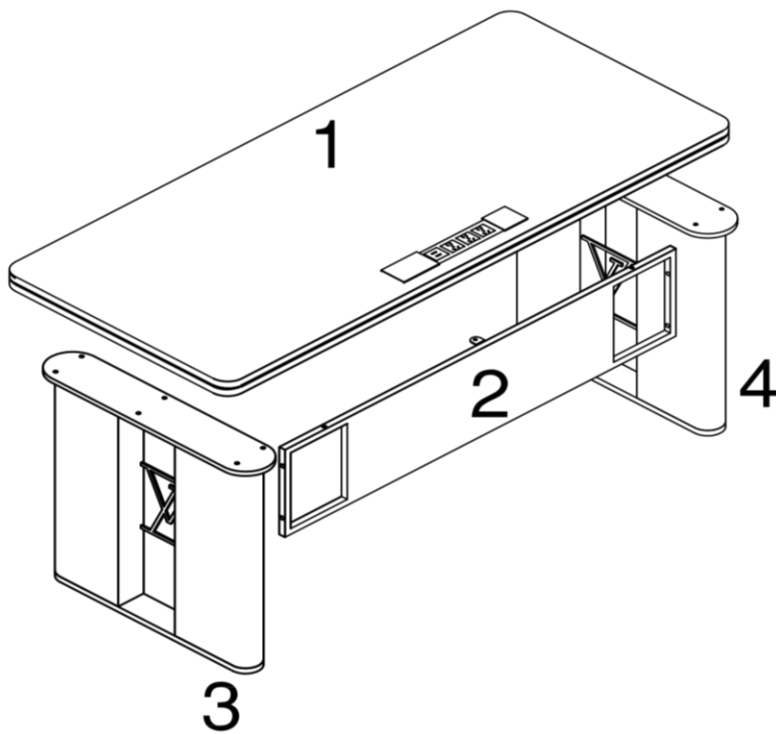

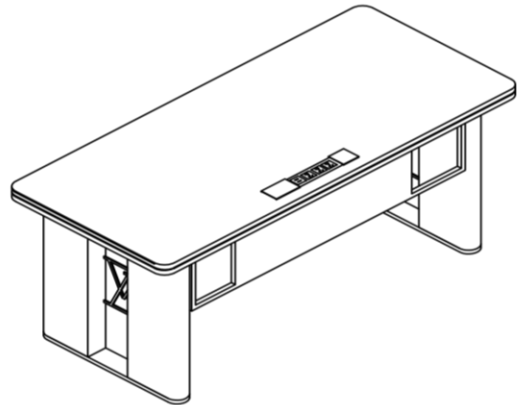

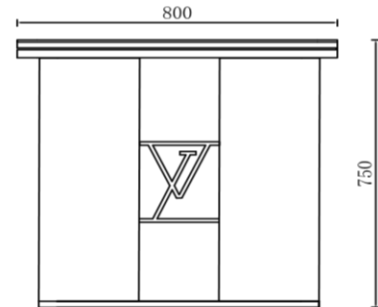

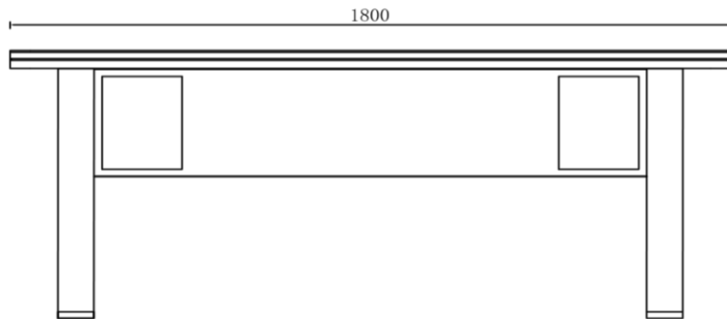

Note: It is recommended that installation of the product be done by a qualified licensed furniture assembly person.

STEP 1:

Keep the Desk top flat at the floor, but make sure that the desk top is placed in the soft sponge cloth to avoid any scratch or damage. The cable management area is on the front side of the table top. Before assembly, identify the front and back of the table top. Then, attach using self-tapping screws.

STEP 2:

Now, it's time to install the two legs in the top as indicated by the red arrow shown in the below picture that is attached for reference.

Attention: There are no pre-drilled holes for the self-tapping screws. Simply align the holes on the legs and front panel, then screw directly to secure it.

STEP 3:

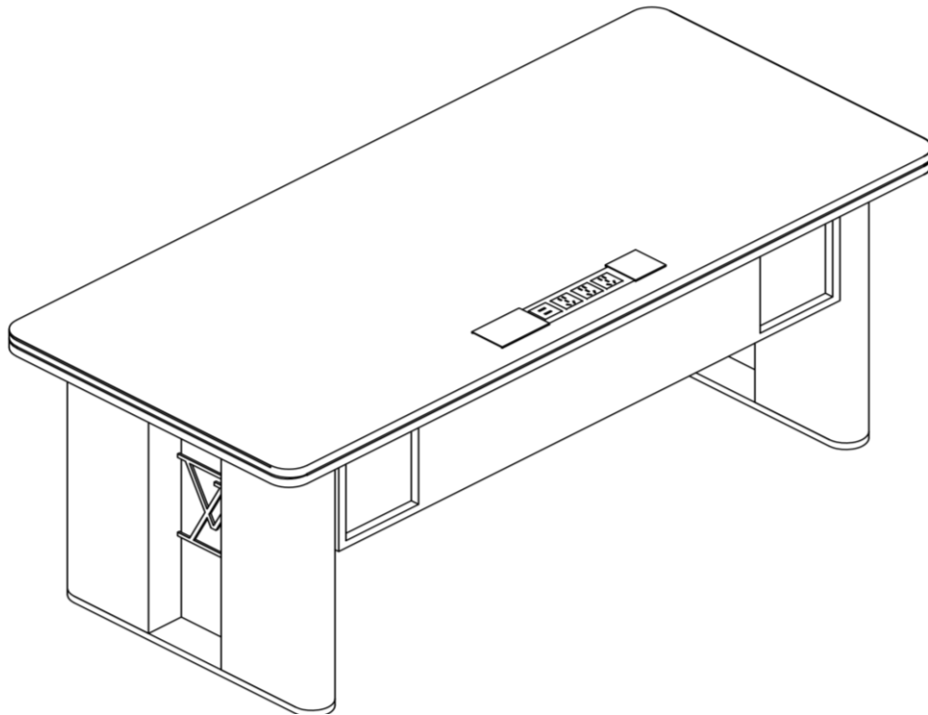

Once the legs are screwed up with the desk top, now it's time to screw up the long board (Number 2) at the middle of the two legs below the Desk top. Picture attached below for reference.
